Dedication

Why! I do hope our
years you are at all will be filled
with the same great spirit & deep
determination for learning - that you
have shown this year. Bill Ross.

Because of his interest in building up a good boy's basketball team, because of his tireless energy in organizing, equipping and coaching our first football team, because of his encouragement of good sportsmanship, and because of his friendly personality, the Class of 1951 is proud to dedicate this volume of the Feenix to our boy's coach Bill Ross.

Class Prophecy

The March of Time presents another full length feature of news events gleaned from all over the world since the date of September 1, 1950. Our correspondents have gathered together many items of interest over this short period.

Many new stars have recently gained prominence in the radio world. Not the least of these is Tom Hannon, whose melodious voice reminds us of an outstanding announcer of several years ago, Marshall Husing. Two new musical stars are Shirley Smith, singer, and Betty Sue Sexton, guitar player.

There has been a recent discovery in the field of medicine at the famous Duke Hospital in Durham, North Carolina by the famous surgeon, Ronald Thompson. Those assisting in this remarkable discovery were nurses, Janie Lea Loflin and Clara Rose Surratt.

The most important feature in the sports review is the All-American Football Team. Have you heard?!? Bet Campbell is their star player. The only woman football player in America. Clarence Lee Snider is ready with the ambulance in case of emergency. Billy Rogers, editor of New York's Sunday News, is also there ready to get any news which might be of special interest.

Moving across country from West to East, we find that there is a very unique method of education being carried on in the Old North State at Denton. Mr. Don Elliott, principal of the Denton University, has been using 5,000 students in an experiment to determine exactly what effect the drinking of Pepsi-Colas between classes has on the brain. This experiment has been sponsored by the Denton Pepsi-Cola Company. Most of the statistics of this experiment have been compiled by Mr. Billy Harold Sexton, head of the Mathematics department, and his staff of workers. Assisting in translating the statistics of the foreign students is Miss Lorene Laughlin, head of the Romance Language Department. Mr. Elliott has just announced that his Pepsi-Colas are not half so nutritious as the milk which can be bought from Mr. Ralph Ward, head of the Vocational Agriculture Department.

You are now seeing the famous movie produced by M-G-M studios written by Cora Belle Waisner, and assisted by her secretary, Hazel Walker, and stenographer, Jane Surratt.

Next we take you to the Children's ward of the Bellevue Hospital where we hear the cries of hungry babies. These rackets start three times a day just before meals and stop only when the infants have got their portion of those appetizing meals prepared by Miss Earline Davis. She buys all her groceries from Mr. Billy Anderson, leading grocery man of New York City.

Now we journey to the Fit-Well Dress Shop where Rose Carolyn Crouse and Joetta Doby design and make original models to satisfy the taste of their customers.

Sports lovers are going to be following with interest the basketball schedule of McCrary Mills at Asheboro, North Carolina. We show you some pictures taken of the practice game of both boys and girls teams. The outstanding teams are coached by Mr. Bob Slack and Miss Faye Nance.

Now we see Joanne Tysinger, insurance saleswoman, helping F. B. I. Agent, Mr. J. P. Morgan, solve the mystery of the stolen car, which contained valuable materials owned by Evangeline Dockham, traveling saleswoman.

Where is our dear teacher Mrs. E. O. Lane? Someone said she was down on Red Rose Farm raising chickens.

Have I forgotten anyone? Oh, yes, one more, Joe Gobble. Oh, but I just can't tell it.

Thus Time Marches On
Joe Gobble
Class Prophet

Class History

For eight long years we eagerly looked forward to the day when we would be freshmen in high school; but when that day arrived in the fall of 1947, we were a bit uncertain as to what the years ahead would bring. Under the fine leadership of Mr. A. M. Snider and our class president, Joetta Doby, we soon learned our way about.

Our freshmen days passed quickly, and before we knew it we were sophomores. A few of our former classmates were not present; but joined by others, we moved forward under the fine direction of Mrs. Howell Harrison and our class president, Hazel Walker.

As we progressed in work and play, the hours rolled into days, the days into another year. The Juniors chose Ronald Thompson as their president, and again we had Mrs. Howell Harrison and her wonderful guidance.

Our Junior play "The Campbells Are Coming" and the Junior-Senior Banquet "Spring Garden at Night" proved that we could accept responsibilities.

Then came the climax, the senior year. Mrs. E. O. Lane our able leader, and Joetta Doby, our class president, guided us successfully through this last year.

As we leave this school, we leave you our gratitude, devotion, and these words "They conquer who believe they can".

Class Song

We have been gay,
Going our way,
Life has been beautiful,
We have had fun.
After we're gone
School will go on
When all our school days are done.

When we grow too old to dream,
Denton High we'll remember;
When we grow too old to dream,
Her love will live in our hearts.

So bid us farewell
And then let us part;
And when we grow too old to dream;
Her love will live in our hearts.

Betty Sue Sexton
Class Song Writer

Class Poem

The time is approaching
When we all have to go
And leave Denton High School,
The School we love so.

You have brought us together-
You have been our best friend;
We'll miss all our classmates-
What friends they have been.

And now to you Juniors
We'll leave you behind.
But you'll fill all our places,
And we're sure you won't mind.

In our hearts, we are sad
As we leave Denton High;
In each eye is a tear-
On each lip is a sigh

And when we are gone,
We'll not forget you;
Our inspiration you'll be
In whatever we do.

Evangeline Dockham
Class Poet

To Shirley:

Shirley, I can hardly believe that next year we will be Gr. 8. It just doesn't seem possible. We have had so much fun these last 10 years and I hope the next two will be as cheerful.

Shirley, I can't begin to tell you what your friendship has meant to me and I hope that I can always share it. Don't ever forget the wonderful times we have had together. And our mule ride. I don't see how he could still be living. Our eighth grade was a scream. I shall never forget these days.

I wish the best of everything to a cute and wonderful girl. May success come your way always.

Love ya
